After captivating nearly one million spectators in Europe, *LUMINISCENCE* makes its North American debut at The Basilica of Saint Mary in Minneapolis, turning stone walls into living canvases of light with 360° video mapping, live music and vibrant story. Feel the Basilica of Saint Mary awaken around you – as a symphony of voices and instruments carry you through decades of art, culture and timeless beauty. *LUMINISCENCE* is an opportunity for everyone to be transported to the heavens by an immersive experience, as mysteries are unlocked during this celestial odyssey. Spectators listen to the rich and varied history of a U.S. landmark accompanied by a blend of live choir, organ and instrumental music. Stone walls will become living canvases as video mapping paints them with moving light.
